Biñan City, 4024

Dear Ma'am,

Last April 2021, the Department of Education (DepEd) and Philippine Pediatric Society (PPS) expressed their concern about cigarette smoking and e-cigarette use among younger generation. There are several reasons for the use of vape among youngsters, specifically 22% is due to varied flavors which have high sugar content.

We, the Biñan Dental Club PDA Laguna Chapter, Inc. would like your school to be our partner in our project: "SMOKING KILLS: U.S.O.K. (Umpisahang iwasan Sigarilyo at Vape upang Oral Health ay Alagaan Katawan ay ingatan)". Our project aims to cater Senior High School Students, specifically Grade 11 students:

1. Disseminate educational materials – posters, flyers, brochures – to students, faculty, and school
2. Teach teachers, parents, and students about the effects of cigarette and e-cigarette use
3. Know the level of knowledge and attitudes of Grade 11 students towards smoking
4. Evaluate smoking habits of students (if applicable)
5. Render school-based programs fit for students, teachers, and school concerning the use of these materials

We hope for your positive response on this project. We, in the dental field is one with the DepEd and PPS in ensuring that our young generation to be more aware and wiser in staying away from these harmful substances or materials.

If you have any questions, please contact us at 09178427223, Dr. Mar David Antioquia. Thank you very much!

Sincerely,

Dr. Sheryl Anne Rose Lantican
Public Health Committee, Chairman

Dr. Lara Patricia Catibog
Public Health Committee, Co-Chairman
